WARRIOR WELLNESS

What if your child refuses to eat vegetables? New foods might take up to 10 tries before your child likes it. Patience works better than pressure. This is tough to remember after we work hard to prepare a meal for our family. Don't offer new foods when your child is really hungry. Wait for a more relaxed situation. Try new foods yourself! Show kids it's fun to eat something new. Add pureed vegetables into pancakes or muffins. For more kid-friendly veggie recipes visit: Eat-Fresh.org.

SUMMER SCHOOL

The first session has been confirmed for July 12-23rd. Notices will be sent home next week with your assigned teacher.
