2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Tenaya Elementary School is home to the Warriors. Our mission echoes that of our district, “to provide each student a quality education in a safe and healthful learning environment.” Tenaya Elementary is the only elementary school in the Big Oak Flat-Groveland Unified School District (BOFG). Its configuration is Transitional Kindergarten through eighth grade. The BOFG district is a small rural district that also operates two necessary small high schools. Approximately 187 students attended Tenaya Elementary School during the 2020-21 school year. The district follows the Tuolumne River from the Northern entrance to Yosemite National Park down to the Lake Don Pedro area, a distance of over 60 miles and encompassing 678 square miles. Tenaya School is located in the southern part of Tuolumne County. The school serves the communities of Groveland, Big Oak Flat, Moccasin, and part of the Don Pedro area.

Tenaya has faced declining enrollment over the last decade, however enrollment has hovered around 190 the last few years. This area depends heavily on the tourist trade as there is no substantial industry here. The COVID-19 pandemic has caused a further decrease in enrollment, as families moved out of the area to find employment. Approximately 52% of the total student body participates in the Free or Reduced Breakfast and Lunch Programs. Special Education services include combined Resource and Special Day Classes. The services of a speech pathologist and school counselors are also available on a limited basis. Tenaya Elementary Staff is composed of 10 full time certificated classroom teachers, 2 full time certificated special education teachers, 1 full time P.E. teacher, 1 part time art teacher, a Principal, a full time school secretary, a full time principal’s secretary, 4 part time classroom/campus aides, 3 full time special education aides, 2 part time Title 1 aides, 1 full time and 1 part time custodians, 2 full time and 1 part time cafeteria workers. The school follows a traditional school calendar, and either meets or exceeds requirements for instructional minutes.

About Our School

Our staff and community are committed to the academic, social and emotional success of our students. All families have the opportunity to formally conference with their child’s teacher regarding their academic performance after the start of the school year. Tenaya teachers are always available for parent conferences if needed or requested. The students identified as low performing during the school year are targeted to receive intervention services. Some of these services include Title I funded remediation for phonics skills, reading fluency and comprehension, along with Freckle and Study Island computer lab assistance. SIPPS is available for 1st-3rd grade students who need assistance in reading. In addition, paraprofessionals are available at all grade levels during peak math and ELA instructional time to assist with small group or individualized support. Before and after school tutoring is also available for students who need targeted instructional support. Students who qualify for

special education, receives services both in the classroom and in a pullout setting depending on their needs. The school crisis counselors provides individual and group counseling to students. The Tuolumne County Student Attendance Review Board (SARB) panel also connects students and their families throughout the school year with needed resources. Free and reduced breakfast and lunch are available to those that qualify, however for the 20-21 school year the district participated in the "Seamless Summer Option in the National School Lunch Program" and all students were eligible for free breakfast and lunch. Many community organizations assist our students with food, clothing, and personal necessity items, an excellent resource for our families. In addition, they provide funding for field trips, playground equipment and school supplies. Tenaya has a strong force of volunteers who help in the classroom and provide tutoring assistance in reading and math.

Our teachers and staff use Positive Behavior Supports to limit discipline referrals. Tenaya Elementary School utilizes Second Step, a Social Emotional Learning curriculum to encourage respectful behaviors that decrease incidents of bullying, teasing, and other disruptive behaviors and encouraging acts of kindness. We start each day with "Words of Wisdom" from Project Wisdom to encourage social-emotional learning such as self-awareness, self-management and relationship skills.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

In 2015, the District adopted Journeys and Collections for standards based reading materials, signing a seven year contract with Houghton Mifflin . Tenaya Elementary has also been utilizing Houghton Mifflin-Go Math standards-based materials since 2015, although this is approved yearly, there is no long term commitment with the publisher. Big Ideas math was adopted for 6th-8th grade students in 2015 as well. These standards-based materials were on the most recent list of adopted materials by the State Board of Education. Social Studies materials, My World published by Pearson were adopted in 2018 for students in grades 6-8. Primary teachers are utilizing Studies Weekly social studies materials which are on the CDE list of approved curriculum. Amplify NGSS science materials were adopted by the Board of Trustees in August of 2020 for use of students K-8 at Tenaya Elementary. The district has approved Project Alert as a supplementary curriculum for health. Foreign language is not available at our K-8 school. We have a part-time art teacher who integrates VAPA standards into her weekly lessons, however she does not utilize a specific curriculum.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents and community embers are very supportive of the educational programs at Tenaya School. Parents are welcome to volunteer in the classroom, for school events, and to participate in our Parent Club. Our School Site Council meets the third Thursday of each school month at 3:15 p.m. in our staff room. Parents are encouraged to join and/or attend the Site Council meetings. In addition, our school benefits from partnerships with local businesses and service organizations including Helping Hands, Rotary, Bookleggers, Tail Wagging Tutors, Kiwanis, Friends of the Groveland Library, and Brainy Groveland. For more information on how to become involved in Tenaya Schools' committees, school activities, or become a volunteer, please contact Michele Hessler in the main office at (209) 962-7846.

*During the 2020-21 school year, volunteers were limited due to COVID-19 restrictions.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The School Safety Plan is reviewed each year. The District adopted the A.L.I.C.E. (Alert, Lockdown, Inform, Counter and Evacuate) protocol in the 2013-14. A.L.I.C.E. Staff and students are trained yearly. The key elements in the plan are to follow the basic steps but when information is available to be able to make the best decision based on your location and situation for the benefit of the students.

The safety of students and staff is of utmost importance at Tenaya School. A school resource officer was assigned to the BOFGUSD from 2018-2021 from the Tuolumne County Sheriff's Office, however the time was reduced significantly in the last year due to personnel shortages. Although, the Resource Officer is not regularly on campus she still reviews safety protocols with staff and students on a regular basis. The teachers and classified staff supervise students throughout the day and are in constant contact via hand held radios. Visitors register at the office and receive a visitor badge prior to gaining access to the campus. *Tenaya School encourages classroom volunteers and ensures the safety of the students by fingerprinting all volunteers. The school Site Council reviews and revises the School Safety Plan annually and the Tenaya Elementary School staff participates in an annual safety training update. Safety drills are conducted as required. The Big Oak Flat-Groveland Unified School District Board of Trustees approved the comprehensive district wide safety plan in January of 2021. The current safety plan is located on our website at www.bofg.org. *All staff, students and volunteers must follow the CDPH COVID-19 guidelines for a K-12 setting.

2020-21 Types of Services Funded

Tenaya Elementary School has a large population of low income students and therefore is a Title I school. The Site receives federal funding in order to provide services for our students educational needs. Title 1 funding is used to support two paraprofessionals who provide targeted instruction in phonics, reading, and math. Additionally, funding is utilized to provide paraprofessionals in all K-8 classrooms during peak math and ELA instruction for small group and individualized support. A lab technician and computer lab are also funded by Title 1 funds. ELOG and ESSR funds have been used to expand instructional aide support, summer school, and before and after school tutoring.

Professional Development

Annually we provide in-service training before the school year begins and at least two afternoons a month on early release Fridays. Recent topics included NGSS Phenomena, school safety, STEAM, best math practices, mindfulness, PBIS, inclusion, and social-emotional learning and trauma informed practices. The district selects in-service topics based on need, new curriculum or state mandates. These training's have included Human Trafficking, anti-bullying, and Suicide prevention.

In March of 2020, Tenaya Elementary moved from in-person learning to distance learning. Five additional in-service trainings were provided in the 19-20 school year to assist with the transition to virtual learning. In addition, these digital trainings continued through the summer and fall of 2020. In preparation of returning to full "In-Person Learning" in August 2021, all staff were also trained on COVID-19 procedures including cleaning, disinfection, social distancing and screening protocol.

The District supports and encourages our staff to participate in professional development at district, county, region and state levels. The platform for professional development varies from book study at the local level, after-school or summer workshops at the county, and conferences in the region or state level. In the last year, staff has attended professional development for STEAM, math, Positive Behavior Intervention Supports, special education, art therapy, ELPAC and foster youth services.

All of the District in-services were given by designated speakers with the assistance of power points, hand-outs or hands on activities. Tenaya Elementary staff is divided into three support committees: Response to Intervention, Social-emotional, and Behavior Support. These committees meet regularly and discuss what is working, problem areas and ideas for improvement. They examine discipline referrals, assessment scores and attendance data. Each committee reports to the whole staff once a month, providing new materials and training when needed. Administration follows-up with teachers and support staff at weekly meeting to ensure implementation of programs.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
