School Plan for Student Achievement (SPSA) Template

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

School Vision and Mission

MISSION

THE MISSION OF OUR DISTRICT IS TO PROVIDE EACH STUDENT A QUALITY EDUCATION IN A SAFE AND HEALTHFUL LEARNING ENVIRONMENT

VISION

TO ACHIEVE OUR MISSION WE WILL

- Make Decisions and Policies that Support our Mission
- Instill Dignity, Respect, Responsibility, and Tolerance While Educating the Whole Child
- Maintain a Safe and Healthful Environment
- Be Fiscally Responsible
- Be Supportive of Staff and Students
- Provide the Structure and Support for K-12 Articulated Programs that Meet or Exceed State Standards
- Recruit and Retain Quality Staff
- Maintain and Update Campus Facilities
- Cultivate and Maintain Partnerships with Students, Parents, Staff and Communities

School Profile

Tenaya Elementary is the only elementary school in the Big Oak Flat-Groveland Unified School District (BOFG). Its configuration is Transitional Kindergarten through eighth grade. The BOFG district is a small rural district that also operates two necessary small high schools. Total district enrollment is approximately 275 students of which 185 attend Tenaya Elementary School. The district follows the Tuolumne River from the Northern entrance to Yosemite National Park down to the Lake Don Pedro area, a distance of over 60 miles and encompassing 678 square miles. Tenaya Elementary School is located in the southern part of Tuolumne County. The school serves the communities of Groveland, Big Oak Flat, Moccasin, and part of the Don Pedro area.

Like many other schools in Tuolumne County, Tenaya has faced declining enrollment over the last decade. The COVID-19 pandemic caused a dramatic fluctuation in our District enrollment, students moving to private schools or learning pods for in-person instruction, or families moving out of the area because there was no employment during the "shelter in place". This area depends heavily on the tourist trade as there is no substantial industry here; many families had to relocate to find employment. In addition, heavy winter storms and road closures into Yosemite National Park has heavily impacted the tourist industry in our area. Approximately 70% of the student population is White (not of Hispanic Origin), 21% Hispanic or Latino, 3% Black or African American, 3% American Indian and 1% Asian. Approximately 59% of the total student body qualifies for the Free or Reduced Price Breakfast and Lunch Program. Special Education services include combined Resource and Special Day Classes. The services of a Speech Pathologist, School Psychologist and a School Crisis Counselor are also available on a limited basis. Tenaya Elementary Staff is composed of 10 full time certificated classroom teachers, 2 full time certificated special education teachers, 1 part time certificated teachers, 1 full time P.E. teacher, a Superintendent- Principal, a full time school secretary, a full time principal's secretary, 5 part time classroom/campus aides, 3 part time special education aides, 2 Title 1 aides, 1 full time and 1 part time custodian, 2 full time and 1 part time cafeteria workers. Facilities include 21 classrooms housed in 5 permanent and 2 single class portable buildings. An additional separate structure has a full gymnasium with attached room for library, which is accessible to all students. The school follows a traditional school calendar, and either meets or exceeds requirements for instructional minutes.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

The Tenaya Site Council meets once a month to review and update each section of the SPSA, in May or June the plan is finalized and presented to the Board for approval. The School Site Council consists of the site administrator, classified staff, certificated staff, parents and community members. Additionally, Google Surveys are sent to parents using Parent Square in their native language to gather their input.

Conclusions based on this data:

1. The total enrollment increased by 30 for the 21-22 school year, it is important to note this was the return to full in-person learning .
2. Class size is disproportionate, from 13 in 8th grade to 28 in 3rd grade.
3. Ethnic diversity has had little change the last three years at Tenaya, the white population has dipped slightly from 76.77 in 18-19 to 69.7 in 21-22.

Conclusions based on this data:

1. There was a 6% increase in the percentage of students exceeding ELA standards overall in 21-22 when compared to 20-21. This indicated that students may be closing the gap on learning loss as an outcome of the pandemic and distance learning.
2. 97.6% of students in grades 3-8 participated in the CAASPP, meeting the state required participation rate.
3. Fifth grade had the highest percentage of students exceeding standard with 14.29%, seventh grade had the highest percentage of students meeting standard at 34.78%.

2019-20 Data:

Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year, thus no data is available to report for this year.

Conclusions based on this data:

1. There is no aggregated data by grade level for CAASPP data for 20-21 or 21-22 due to the COVID-19 pandemic.
2. The percentage of students below standard increased in all grades except 5th and 7th..
3. The percentage of students who participated in the CAASPP was 97.6%, this meets the required participation rates,

School and Student Performance Data

Student Population

For the past two years, many state and federal accountability requirements were waived or adjusted due to the impact of the COVID-19 pandemic on LEAs, schools, and students. Beginning with the 2021-22 school year, the requirements to hold schools and districts accountable for student outcomes has returned with the release of the 2022 California School Dashboard (Dashboard). The Every Student Succeeds Act is requiring all states to determine schools eligible for support. Similarly, under state law, Assembly Bill (AB) 130, which was signed into law in 2021, mandates the return of the Dashboard using only current year performance data to determine LEAs for support. Therefore, to meet this state requirement, only the 2021-22 school year data will be reported on the 2022 Dashboard for state indicators. (Data for Change [or the difference from prior year] and performance colors will not be reported.)

This section provides information about the school's student population.

Conclusions based on this data:

1. Our biggest subgroup is Socioeconomically disadvantaged with 59.1% of students, this is a slight increase from last year.
2. The ELL population remains low at 1% foster youth is 2% and homeless youth is 5.6%. These numbers have all decreased from previous years.
3. White students make up 69.7% of the enrollment by race, Hispanic students are second with 21.2 %.

Overall Performance

Due to the COVID-19 pandemic, state law allows the 2022 Dashboard to only display the most current year of data (also known as Status). For this year only, performance levels will be reported using one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low) for state measures. Please note that the Status levels associated with the Chronic Absenteeism and Suspension Rate Indicators are reversed (ranging from Very Low, Low, Medium, High, and Very High). Information regarding this year's Dashboard data is available within the [Dashboard Communications Toolkit](#).

Because performance on state measures is based on current year (i.e., 2021-22) results only for the 2022 Dashboard, the color dials have been replaced with one of five Status levels (ranging from Very High, High, Medium, Low, and Very Low).

2022 Fall Dashboard Overall Performance for All Students

Conclusions based on this data:

1. The suspension rate has decreased slightly and Tenaya is now in the medium zone..
2. English Language Arts is in the low range and mathematics in in the very low range.
3. Chronic absenteeism is a significant concern, with a score of very high, this has been a concern for several years.

Attendance will increase to an average daily attendance of 95% or better.

LCAP Goal

Goal #2 Provide social emotional well-being support to increase student attendance.

Basis for this Goal

Our chronic absenteeism rate continues to rate in the very high on the California Dashboard, it is over 67% for 21-22.

Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Attendance rate will increase/ chronic absenteeism will decrease.	88% attendance	95% attendance

Planned Strategies/Activities

Strategy/Activity 1

Provide social emotional support for all students in trauma to increase attendance, through counseling, social emotional well being center and SEL lessons. Offer rewards and incentives for attendance and student engagement. Implement Positive Behavior Supports and Restorative Justice, to decrease suspension rates.

Students to be Served by this Strategy/Activity

Goal #1 Increase academic rigor and raise Student Proficiency in ELA, Math and science.

Basis for this Goal

This goal was continued from the previous year, due to the CAASPP not being administered because of the pandemic, and school closures. Over 55.83% of our students scored below standard on the 2022 CAASPP test in math and 46.22% in ELA.

Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Teachers will review Benchmark Assessments, Freckle, CAASPP Results, and summative and formative assessment data regularly to monitor progress. Additionally, they will compare and contrast data collected, develop individual student action/intervention plans, differentiate instruction and review curriculum daily	Overall students scores landed in the red on the California Dashboard., with 55.83% over all students below standard.	We expect the scores to increase by at least 30 points overall.

Planned Strategies/Activities

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

The district implemented positive behavior supports for all students as well as Restorative Justice. Counseling was provided two days a week, Our attendance was affected by COVID, COVID quarantine, an outbreak of Influenza A and Hand foot and mouth disease.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Our crisis counselors met with over 40 students in trauma, students knew what days the counselor would be present and expressed that they wanted to meet with them. Our overall suspension rate decreased due to positive behavior supports and restorative justice. We also implemented a refocus room, which helped students stay on track and allowed a "cooling off" space when needed.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

We had difficulty staffing the SEL position, and SEL was provided by teachers, instructional aides, and crisis counselor. We did purchase SEL curriculum through Second Step, as well as snacks, supplies and rewards.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will continue this goal and these actions and services, as we have not had a regular year to measure attendance since the pandemic.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Tenaya purchased Common core math materials, and renewed Renaissance Learning and Freckle to monitor student growth. Title 1 aides pushed in during math, to allow for small group instruction. Additionally, tutoring and summer school were provided to close the learning gaps from the pandemic.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

STAR Math scores showed an average growth of 1 year, however 1st and 7th grades showed an increase of 1.4 and 2.1 grade levels. The CAASPP score did not reflect the growth shown on our district benchmarks, but the test is longer and students are required to explain their answers in paragraph form.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

All monies were spent on curriculum as described.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will continue this goal as we have not shown the desired growth. We are still trying to close learning gaps caused by the pandemic. We will utilize Standards Plus Curriculum to prepare for state testing.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

The school purchased common core aligned consumables as well as STAR Reading/accelerated reader for all students. Additional support was provided through Title 1 aides, after school tutoring and summer school.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Benchmark assessments using STAR Reading showed an average growth of 1.4 years in reading (1-8 grades) , however this was not reflected on the CAASPP. CAASPP testing was on hold for 2019-2020, and a shortened version for 2020-2021. For many students(3-5) this was the very time taking the complete test.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 2 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members

Name of Members	Role
Wynette Hilton	Principal
Joanne Beaudreau	Classroom Teacher
Jodi Richey	Classroom Teacher
Pamela Reimers	Other School Staff
Rebecca England	Parent or Community Member
Jessica Grota	Parent or Community Member
Melissa Pratt	Parent or Community Member
Olga Hobson	Classroom Teacher Parent or Community Member
Vaneza Maxwell	Parent or Community Member

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

Handwritten signatures in blue ink, one above the other, corresponding to the committees listed.

English Learner Advisory Committee

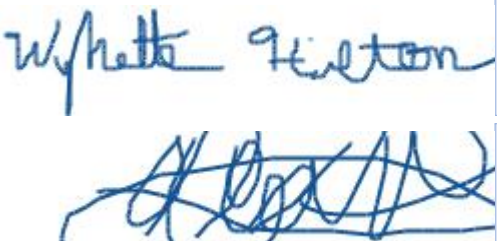

Gifted and Talented Education Program Advisory Committee

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on May 24,2023.

Attested:

Handwritten signatures in blue ink, one above the other, corresponding to the attestations listed.

Principal, Wynette Hilton on 5-24-23

SSC Chairperson, Olga Hobson on 5-24-23

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

Annual Review and Update

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

Annual Measurable Outcomes

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

Strategies/Activities

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
 - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
 - b. use effective methods and instructional strategies based on scientifically based research that
 - i. strengthen the core academic program in the school;
 - ii. provide an enriched and accelerated curriculum;
 - iii. increase the amount and quality of learning time;
 - iv. include strategies for meeting the educational needs of historically underserved populations;
 - v. help provide an enriched and accelerated curriculum; and
 - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
 - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
 - a. strategies to attract highly qualified teachers;
 - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
 - c. the devotion of sufficient resources to effectively carry out professional development activities; and
 - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - a. Ensure that those students' difficulties are identified on a timely basis; and
 - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).
