2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Tenaya Elementary School is home to the Warriors. Our mission echoes that of our district, “to provide each student a quality education in a safe and healthful learning environment.” Tenaya Elementary is the only elementary school in the Big Oak Flat-Groveland Unified School District (BOFG). Its configuration is Transitional Kindergarten through eighth grade. The BOFG district is a small rural district that also operates two necessary small high schools. Approximately 175 students attended Tenaya Elementary School during the 2022-23 school year. The district follows the Tuolumne River from the Northern entrance to Yosemite National Park down to the Lake Don Pedro area, a distance of over 60 miles and encompassing 678 square miles. Tenaya School is located in the southern part of Tuolumne County. The school serves the communities of Groveland, Big Oak Flat, Moccasin, and part of the Don Pedro area.

Tenaya has faced declining enrollment over the last decade, however enrollment has hovered around 180 the last few years. This area depends heavily on the tourist trade as there is no substantial industry here. The COVID-19 pandemic caused a further decrease in enrollment, as families moved out of the area to find employment. Approximately 61% of the total student body qualifies as socio-economically disadvantaged. Special Education services include combined Resource and Special Day Classes. The services of a speech pathologist and school counselors are also available on a limited basis. Tenaya Elementary Staff is composed of 10 full time certificated classroom teachers, 2 full time certificated special education teachers, 1 full time P.E. teacher, 1 part time art teacher, a Principal, a full time school secretary, a full time principal’s secretary, 4 part time classroom/campus aides, 3 full time special education aides, a part-time Title 1 Teacher, 2 part time Title 1 aides, 1 full time and 1 part time custodians, 2 full time and 1 part time cafeteria workers. The school follows a traditional school calendar, and either meets or exceeds requirements for instructional minutes.

About Our School

Our staff and community are committed to the academic, social and emotional success of our students. All families have the opportunity to formally conference with their child’s teacher regarding their academic performance after the start of the school year. Tenaya teachers are always available for parent conferences if needed or requested. The students identified as low performing during the school year are targeted to receive intervention services. Some of these services include Title I funded remediation for math, phonics skills, reading fluency and comprehension, along with Freckle and Study Island computer lab assistance. SIPPS is available for 1st-3rd grade students who need assistance in reading. In addition, paraprofessionals are available at all grade levels during peak math and ELA instructional time to assist with small group or individualized support. An

2023-24 School Description and Mission Statement

afterschool program is available daily until 5, for students in grades TK-6. Before and after school tutoring is also available for students who need targeted instructional support. Students who qualify for special education, receive services both in the classroom and in a pullout setting depending on their needs. The school crisis counselors provides individual and group counseling to students. The Tuolumne County Student Attendance Review Board (SARB) panel also connects students and their families throughout the school year with needed resources. Breakfast and lunch are available free, to all students through 2027 due to a community eligibility grant. Many community organizations assist our students with food, clothing, and personal necessity items, an excellent resource for our families. In addition, they provide funding for field trips, playground equipment and school supplies. Tenaya has a strong force of volunteers who help in the classroom and provide tutoring assistance in reading and math.

Our teachers and staff use Positive Behavior Supports to limit discipline referrals. Tenaya Elementary School utilizes Second Step, a Social Emotional Learning curriculum to encourage respectful behaviors that decrease incidents of bullying, teasing, and other disruptive behaviors and encouraging acts of kindness. We start each day with “Words of Wisdom” from Project Wisdom to encourage social-emotional learning such as self-awareness, self-management and relationship skills.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

In 2015, the District adopted Journeys and Collections for standards based reading materials, signing a seven year contract with Houghton Mifflin . Tenaya Elementary has also been utilizing Houghton Mifflin-Go Math standards-based materials since 2015, although this is approved yearly, there is no long term commitment with the publisher. Big Ideas math was adopted for 6th-8th grade students in 2015 as well. These standards-based materials were on the most recent list of adopted materials by the State Board of Education. Social Studies materials, My World published by Pearson were adopted in 2018 for students in grades 6-8 and 2022 for grades 1-5 which are on the CDE list of approved curriculum. Amplify NGSS science materials were adopted by the Board of Trustees in August of 2020 for use of students K-8 at Tenaya Elementary. The district has approved Project Alert as a supplementary curriculum for health. Foreign language is not available at our K-8 school. We have a part-time art teacher who integrates VAPA standards into her weekly lessons, however she does not utilize a specific curriculum.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents and community members are very supportive of the educational programs at Tenaya School. Parents are welcome to volunteer in the classroom, for school events, and to participate in our Parent Club. Our School Site Council meets the third Thursday of each school month at 3:15 p.m. Parents are encouraged to join and/or attend the Site Council meetings. In addition, our school benefits from partnerships with local businesses and service organizations including Helping Hands, Rotary, Bookleggers, ROOFBB, Friends of the Groveland Library, and Brainy Groveland. For more information on how to become involved in Tenaya Schools' committees, school activities, or become a volunteer, please contact Michele Hessler in the main office at (209) 962-7846.

2023-24 School Safety Plan

The School Safety Plan is reviewed each year. The District adopted the A.L.I.C.E. (Alert, Lockdown, Inform, Counter and Evacuate) protocol in the 2013-14 school year. A.L.I.C.E. Staff and students are trained yearly. The key elements in the plan are to follow the basic steps but when information is available to be able to make the best decision based on your location and situation for the benefit of the students.

The safety of students and staff is of utmost importance at Tenaya School. The teachers and classified staff supervise students throughout the day and are in constant contact via hand held radios. Visitors register at the office and receive a visitor badge prior to gaining access to the campus. Tenaya School encourages classroom volunteers and ensures the safety of the students by fingerprinting all volunteers. The school Site Council reviews and revises the School Safety Plan annually and the Tenaya Elementary School staff participates in an annual safety training update. Safety drills are conducted as required. The Big Oak Flat-Groveland Unified School District Board of Trustees approved the comprehensive district wide safety plan in February of 2023. The current safety plan is available in the Tenaya Office, as well as the Big Oak Flat-Groveland Unified School District Office.

Fiscal Year 2022-23 Types of Services Funded

Tenaya Elementary School has a large population of low income students and therefore is a Title I school. The Site receives federal funding in order to provide services for our students educational needs. Title 1 funding is used to support one part-time teacher and two paraprofessionals who provide targeted instruction in phonics, reading, and math. Additionally, funding is utilized to provide paraprofessionals in all K-8 classrooms during peak math and ELA instruction for small group and individualized support. A lab technician and computer lab are also funded by Title 1 funds. ELOP and ESSR funds have been used to expand instructional aide support, summer school, afterschool program and before and after school tutoring.

Professional Development

Annually we provide in-service training before the school year begins and at least two afternoons a month on early release Fridays. Recent topics included NGSS Phenomena, school safety, STEAM, best math practices, mindfulness, PBIS, inclusion, and trauma informed practices. The district selects in-service topics based on need, new curriculum or state mandates. These training's have included Human Trafficking, anti-bullying, Social-Emotional Learning and Suicide prevention.

The District supports and encourages our staff to participate in professional development at district, county, region and state levels. The platform for professional development varies from book study at the local level, after-school or summer workshops at the county, and conferences in the region or state level. In the last year, staff has attended professional development for STEAM, math, Positive Behavior Intervention Supports, special education, ELA, Early Childhood Education, ELPAC and foster youth services.

All of the District in-services were given by designated speakers with the assistance of power points, hand-outs or hands on activities.
