Dear Parents/Guardians

On behalf of our Board of Trustees, staff, and students, welcome to the 2024-25 school year! I hope this letter finds you in good health, well-rested, and enthusiastic about the new school year. I am thrilled to welcome you back and look forward to what promises to be an incredible year of learning, growth, and accomplishment. As an educator with the Big Oak Flat-Groveland Unified School District for twenty-eight years, I am privileged to serve as your superintendent.

As we embark on the new school year, I want to remind you that our district's mission is to provide each student with a quality education in a safe and healthful learning environment. Ensuring that every student receives the best possible education, one that is challenging, engaging, and relevant to their lives, is our top priority. Our dedicated faculty and staff are committed to providing the support and resources necessary for every student to succeed.

We understand that the success of our students is not solely dependent on classroom activities, but also on the partnership between our schools and the families we serve. I encourage you to stay actively involved in your child's education by attending parent-teacher conferences, volunteering, and participating in school events. Together, we can help our students achieve their full potential.

One of Big Oak-Flat Groveland Unified's greatest strengths has always been the strong and supportive relationship between our schools and the community. BOFGUSD is dedicated to maintaining this positive relationship for the benefit of our community's children. Having lived in the Groveland area since 1993, I have seen firsthand the tremendous support this community has given our staff and students. Community members have volunteered countless hours in our schools and extracurricular programs, and have donated thousands of dollars for school supplies, field trips, scholarships, snacks, shoes, clothing, sports equipment, and much more.

In conclusion, I wish you all a successful and rewarding school year. I look forward to a collaborative effort with our administrators, teachers, support staff, families, and community members. I am confident that by working together, we will achieve great things. If you have any questions or concerns, please do not hesitate to contact your school, district staff, or me personally. Thank you for your interest and involvement in our district.

Sincerely,

Wynette Hilton
Superintendent-Principal

As the parent of a student you have many rights and responsibilities. This booklet talks about many of those and laws, policies and statutes which cover them. We urge you to read it.

Teachers build your child's education one day at a time so every day is essential. Promotion or even graduation can be put in jeopardy if too many days are missed. Work with the teacher when a child must miss school. Get homework assignments and review work. There is only one chance to get a great education.

ATTENDANCE

■ General Absences

Children cannot learn if they are not in school. Daily school attendance improves student achievement. Children learn early about being on time and not missing school; teach your child that school attendance is an important family value. Children ages 6 to 18 years must attend every school day.

The state only awards funding to school districts for actual attendance. The state does not fund districts for the excused absences listed below. Always review the school calendar and plan activities and vacations during days off. No pupil whose attendance is excused shall have grades or academic credit lost if assignments and tests can be reasonably completed.

Other attendance reports, such as truancy, rely on excused and unexcused absences. There are legal consequences if your child misses too much school. You must send a note and/or phone the school within 72 hours to clear any excusable absences. Parents/Guardians have the right to be notified on a timely basis if their child is absent from school without permission. Unexcused absences are recorded as a truancy.

A. Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

1. Due to the pupil's illness, including an absence for the benefit of the pupil's mental or behavioral health.
2. Due to quarantine under the direction of a county or city health officer.
3. For the purpose of having medical, dental, optometrical, or chiropractic services rendered.
4. For the purpose of attending the funeral services or grieving the death of either a member of the pupil's immediate family, or of a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be

considered the pupil's immediate family, so long as the absence is not more than five days per incident.

5. For the purpose of jury duty in the manner provided for by law.
6. Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child, for which the school shall not require a note from a doctor.
7. For justifiable personal reasons, including, but not limited to, an attendance or appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at a religious retreat, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization, when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board of the school district.
8. For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
9. For the purpose of spending time with a member of the pupil's immediate family who is an active duty member of the uniformed services, as defined in Section 49701, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
10. For the purpose of attending the pupil's

naturalization ceremony to become a United States citizen.

11. For the purpose of participating in a cultural ceremony or event.

12. (A) For the purpose of a middle school or high school pupil engaging in a civic or political event, as provided in subparagraph (B), provided that the pupil notifies the school ahead of the absence.

(B) (i) A middle school or high school pupil who is absent pursuant to subparagraph (A) is required to be excused for only one schoolday-long absence per school year.

(ii) A middle school or high school pupil who is absent pursuant to subparagraph (A) may be permitted additional excused absences in the discretion of a school administrator, as described in subdivision (c) of Section 48260.

13. (A) For any of the purposes described in clauses (i) to (iii), inclusive, if an immediate family member of the pupil, or a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate family, has died, so long as the absence is not more than three days per incident.

(i) To access services from a victim services organization or agency.

(ii) To access grief support services.

(iii) To participate in safety planning or to take other actions to increase the safety of the pupil or an immediate family member of the pupil, or a person that is determined by the pupil's parent or guardian to be in such close association with the pupil as to be considered the pupil's immediate

family, including, but not limited to, temporary or permanent relocation.

(B) Any absences beyond three days for the reasons described in subparagraph (A) shall be subject to the discretion of the school administrator, or their designee, pursuant to Section 48260.

14. Authorized at the discretion of a school administrator, as described in subdivision (c) of Section 48260.

B. A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

C. For purposes of this section, attendance at religious retreats shall not exceed one schoolday per semester.

D. Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

E. For purposes of this section, the following definitions apply:

1. A "civic or political event" includes, but is not limited to, voting, poll working, strikes, public commenting, candidate speeches, political or civic forums, and town halls.

2. "Cultural" means relating to the practices, habits, beliefs, and traditions of a certain group of people.

3. "Immediate family" means the parent or guardian, brother or sister, grandparent, or any other relative living in the household of the pupil.

4. “Victim services organization or agency” has the same meaning as defined in paragraph (7) of subdivision (g) of Section 230.1 of the Labor Code. [EC 48205, 48260; LC 230.1]

Districts may allow students, with parental or guardian consent, to be excused to participate in moral or religious exercises or instruction. [EC 46014]

School authorities may excuse any student in grades 7 through 12 from school for the purpose of obtaining confidential medical services without the consent of the pupil’s parent or guardian. [EC 46010.1]

■ Emergency School Closure

Schools may close in the case of a natural disaster such as an earthquake, a fire, a flood, or an epidemic/pandemic. School officials rely on the expertise and advice of public health and safety officials in these decisions. Other means of delivering instruction will be used as possible.

■ Minimum Days/Pupil Free Staff Development Days

If your child will be affected by minimum days or staff development days, we will give you at least one month’s notice. The dates that were known at press time are printed in the calendar in this booklet. [EC 48980(c)]

Minimum Days for the 2024-2025 school year are September 3; October 8-10; December 17-19; and June 3-5. November 10, 2024 and January 5, 2025 are staff development days.

■ Leaving School at Lunch Time

The Big Oak Flat Groveland School Board has established a closed campus policy at all sites. Students may not leave campus at any time during the school day. This is for the security of the campus and to protect your student’s health, safety, and welfare. Please cooperate by not requesting permission for your student to leave campus during the school day. [EC 44808.5]

■ Attendance Options

The governing board annually reviews attendance options including how students may attend a district school outside their attendance area (intra-district transfer). This district has non-arbitrary rules explaining how students may apply, be accepted or denied intra-district transfer. Districts may allow the transfer of students from or to other districts (inter-district transfer). Victims of bullying or violence are given preference in intra- and inter-district transfers. In some cases, the district must provide transportation. Students attending “persistently dangerous” schools can transfer and enroll in a safe school. Districts cannot prevent children of active military from changing districts, as long as the district chosen agrees to accept them. Upon enrollment or transfer, principals are urged to check missing children information. Further information about residency, attendance options, special program options, etc. will be provided by the California Department of Education. [EC 46600, 48204, 48204.7, 48206.3, 48300, 48301, 48306, 48853.5, 48980, 49068, 51101; 20 USC 7912]

I. Interdistrict Attendance:

The Governing Board recognizes that parents/guardians of students who reside within the geographic boundaries of one district may, for a variety of reasons, desire to enroll their children in a school in another district.

Interdistrict Attendance Agreements and Permits

The Board may enter into an agreement with any other school district, for a term not to exceed five school years, for the interdistrict attendance of students who are residents of the districts.

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied. It also may contain standards agreed upon by both districts for reapplication and/or revocation of the student’s permit.

Upon receiving a permit for transfer into the district that has been approved by the student's district of residence, or upon receiving a written request from the parent/guardian of a district student who wishes to enroll in another district, the Superintendent or designee shall review the request and may approve or deny the permit subject to the terms and conditions of the interdistrict attendance agreement.

Instruction Collaboration Agreements

The Superintendent or designee may, with board approval, enter into an instruction collaboration agreement (ICA) with another school district, county office of education or charter school to offer the same or similar courses and coursework to students who have been impacted by any of the following:

1. Disruptions or cancellations in science, technology, engineering, and mathematics (STEM) classes
2. Disruptions or cancellations in dual language immersion programs
3. Teacher shortages in STEM classes or dual language immersion programs

Prior to accepting students for classes for any of the reasons specified in Items #1-3 above, the Superintendent or designee shall, with Board Approval, determine the maximum number of students that the district can accept for these purposes. The district shall accept students who apply until the district is at maximum capacity.

Students shall be admitted to this program through an unbiased process that prohibits an inquiry into, or evaluation or consideration of, whether a student should be authorized to participate in the course or coursework based upon the student's current academic or athletic performance, proficiency in English, physical condition, any of the individual characteristics specified in Education Code 200, or family income. If the number of applicants exceeds the number of seats available, the approval for participation shall be determined by a random

public drawing at a regularly scheduled Board meeting.

The Superintendent or designee shall publicly post information, including, but not limited to, applicable forms and timelines for submission pursuant to the ICA, to ensure that students and their families are aware of the opportunities to participate.

When negotiating the ICA, the Superintendent or designee shall collaborate with the other participating LEA(s) to agree upon an appropriate shared cost structure.

Transportation

Upon parent/guardian request, the district shall provide transportation assistance to a student receiving an interdistrict transfer who is eligible for free and reduced-price meals and is the child of an active duty military parent/guardian or a victim of bullying, as defined in Education Code 46600.

In addition, upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for any interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available. [BP 5117 November 2023; EC 8151, 41020, 46600-46611, 48204, 48300-48317, 48900, 48915, 48915.1, 48918, 48980, 48985, 52317; CA Constitution Article 1, Section 31]

2. Attendance Where Caregiver Resides:

If your child lives in the home of a caregiving adult, as defined by law, or a foster home your child may attend the school district in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204(a), 48980(h); FC 6550-6552]

3. Attendance in District Where Parent or Guardian is Employed:

The district may, but is not required to accept

a transfer student whose parent/guardian resides outside the boundaries of the school district but is employed and lives with the student at the place of the parent's/guardian's employment within the boundaries of the school district for a minimum of three days during the school week; or a student whose parent/guardian physically works within the boundaries of the school district for a minimum of 10 hours during the school week. [EC 48204(a)(7), 48980]

4. Special Enrollment Allowances for Some Categories of Students:

Some students living in the District, including foster, homeless, migratory, American Indian, or military children may stay enrolled in their school of origin inside or outside the district if: 1) their Individual Education Plan (IEP) indicates attendance elsewhere, or 2) parents, guardians, and others with authority declare in writing otherwise. In some cases, they also have rights to expedited enrollment in school, to attend classes and programs, to after-school programs, and to fee waivers. The school district and each school site have complete documentation of the rights of homeless, foster, migratory, military, and other special categories of students. [EC 48204, 48204.7, 48645.3, 48850-48859, 51225.1, 56055; 5 CCR 4622; WIC 224.1, 361, 726; 42 USC 11301, 11431-11435]

Student Immigrant and Religious Rights

All school age children must be admitted to California Public Schools and be offered all programs accessible to other students. School districts cannot ask about a student's immigrant (or migratory) or religious status. The state Attorney General has information about "know your rights": <https://oag.ca.gov/immigrant/resources>. Immigrant students are still considered residents of their current school district even if parents are deported or are being held in custody. [EC 200, 220, 234.1]

■ Individualized Instruction

You must notify the school if your child has

a temporary disability and cannot attend in a regular classroom. If your temporarily disabled child is located outside your school district, notify both the district where your child resides and the district where the child is located. Within five (5) days of notice, the district(s) will determine if the student qualifies; within five (5) days of the determination shall commence instruction in the home or in a hospital or other residential health facility. The district(s) will notify you if your child qualifies, when instruction will begin, and for how long it will continue. Each hour of instruction at home or in a facility will count as a full day but cannot exceed 5 days per week nor the number of days in the school year. There are accommodations for pregnant or parenting students (see page 19 for more information). [EC 46015, 48206.3, 48207, 48207.5, 48208, 48980]

■ Unexcused Absences (truancy)

When a student misses school without an excuse they are considered truant, and the school will notify the parent/guardian. The state defines three levels of truancy, each carrying more severe penalties for both the student and the parents or guardians. A student is classified as;

Truant: after missing three days of school or three 30-minute periods without a valid excuse

Habitual Truant: if they are truant three or more times in a school year and an effort is made to meet with parents

Chronic Truant: if they miss 10 percent or more of the school days in a school year.

Early intervention and cooperation between the school and the family is the best way to support student learning. A student who is truant can be referred to a student attendance review board (SARB), a community service program, the county probation department, or to the district attorney. Through these programs the student can be given guidance toward improving attendance. The goal is to intervene before a

student enters the juvenile justice system or drops out of school. Parents are urged to use community services identified by the school or District, a SARB, the District Attorney, or Probation department. Students and parents face penalties as defined in Education Code, Welfare and Institutions Code, and Penal Code.

Student Penalties: First truancy may result in a one-day weekend class; Second truancy may be a written warning from a peace officer; Third truancy may result in assignment to an after-school or weekend program, involvement of a SARB, a probation officer, or District Attorney; Fourth truancy may result in a chance to improve attendance, but may also result in the student being placed within the jurisdiction of the juvenile court. Other penalties may include required community service, payment of a fine, attending a truancy mediation program, and loss of driving privileges.

Parent Penalties: First conviction – up to \$100 fine; Second conviction – up to \$250 fine; Third conviction – up to \$500 fine. Parents of chronically truant elementary students face a fine up to \$2,000; imprisonment up to one year; or both. They may also be scheduled to meet regularly with district staff and/or referred to community resources. Parents may also have to attend classes at the student’s school for a day and/or personally deliver their child to school every day. [EC 48260, 48260.5, 48261, 48262, 48263, 48263.5, 48263.6, 48264.5, 48291, 48293, 48320; PC 270.1, 830.1; WIC 256, 258, 601, 601.3]

■ Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity,

responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal’s office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58501]

INSTRUCTION AND CURRICULUM

■ Academic Standards and Assessments

Each district in California decides how they will teach and what resources they will use. More information can be found at www.cde.ca.gov/re/cc/ or www.corestandards.org. California uses a computer-based student testing system tied to the standards for English language arts, mathematics, and science called the California Assessment of Student Performance and Progress (CAASPP). The tests include the Smarter Balanced Assessment Consortium Assessments, California Science Tests (CAST), California Alternate

Assessments (CAA), and Standards-based Tests in Spanish (STS) for Reading/Language Arts. Parents can exempt their child(ren) from CAASPP testing by submitting a letter in writing annually. More information about the CAASPP can be found at www.cde.ca.gov/ta/tg/ca/. [EC 60119, 60604, 60615, 60640; 5 CCR 852]

English Language Learners are evaluated with the English Language Proficiency Assessments for California (ELPAC) and to identify and measure their progress in English Language proficiency. Students in grades 5, 7, and 9 also participate in Physical Fitness Testing (PFT). [EC 52060, 52066, 60800]

■ Local Control Funding and Accountability

The Local Control Funding Formula (LCFF) provides money to school districts with a uniform base grant for every student, adjusted by grade level. Districts also receive adjustments for the number of students living in poverty, English learners, and foster youth. Then there are further adjustments for concentration of these groups if they are above 45% and at 55% of the district's enrollment. More information about the LCFF is available at www.cde.ca.gov/fq/aa/lc/.

The Local Control Accountability Plan (LCAP) is a critical part of the LCFF. Each school district is required to engage parents, students, teachers, principals, administrators, other employees, employee associations, and stakeholders to establish their plan. The LCAP must focus on eight state identified priorities:

1. Basic Services
2. Implementation of State Standards
3. Parental Involvement
4. Pupil Achievement
5. Pupil Engagement
6. School Climate
7. Course Access
8. Other Pupil Outcomes

The plan must describe the overall vision for students, annual goals including language acquisition, and specific action to achieve

these goals. The plan will demonstrate how the district's budget will help achieve the goals, and annually assess how well the strategies improved outcomes. Anyone can bring or forward ideas or comment to the governing board on proposals or expenditures at parent or community engagement meetings. Complaints regarding the LCAP may be filed anonymously or using the District Uniform Complaint Procedures. [EC 305, 47606.5, 47607.3, 52060-52076; 5 CCR 4600, 4622]

Homeless, Migratory, Foster, Military, and Juvenile Court Youth

Homeless, migratory, foster, military family, juvenile court youth, or youth participating in a newcomer program have special rights related to graduation and partial high school credits. They have the right to an adult to help make educational decisions. Foster and homeless youth also have special rights associated with college funding, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint. [EC 48645.3, 48645.5, 51225.1-51225.3, 56055; 5 CCR 4622; WIC 361, 726]

Language Acquisition Programs

Language acquisition programs are designed to ensure that English learners acquire English as rapidly and effectively as possible. They provide instruction based on the state-adopted academic content standards, including English language development (ELD) standards.

The District offers a Structured English Immersion program in which nearly all instruction is in English with curriculum and presentation designed for students who are English learners. [EC 305(a)(2), 306(c)(3)]

Parents/Guardians may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. Parents/Guardians may submit written or verbal requests for the establishment of a language acquisition program in addition to the program available. Schools

in which the parents/guardians of 30 pupils or more per school or 20 pupils or more in any grade request a language acquisition program are required to offer such a program to the extent possible. Please contact the District office or your school principal for more information. [EC 306(c), 310; 5 CCR 11310]

Parents/Guardians have a right to opt their child(ren) out of the school district's language acquisition program or opt out of particular English learner service(s) within a language acquisition program. [20 USC 6312(e)(3)(A)(viii)]

■ School Counselors

School counselors are trained educators possessing a valid teacher credential with a specialization in pupil personnel services. Counselors help students in grades 7-12 make decisions about their courses, extra-curricular activities, and preparation for college and/or careers. They guide students through all the steps including information about financial aid, academic requirements, and careers. Counseling related to academic and nonacademic courses, classes, electives, school-related activities, team sports, athletic competitions, and school facilities will be available to all students without regard to their gender or gender identity, the gender listed in their records, or any protected group as listed under "Complaints Regarding Discrimination, Harassment, Intimidation, Bullying, Exceptional Needs Students, Categorical Programs, Federally Funded Programs" on page 36. Most counselors are available by appointment and will meet with students and their families. The District Uniform Complaint Procedure may be used to file a complaint. [EC 221.5, 221.8, 48980, 49600, 48900, 51229; GC 11135; Title VI, Title IX; § 504; CIF 300D]

■ District Courses

Annually the District prepares curriculum, course titles, aims, and descriptions in a prospectus. The prospectus is available at each school site and may be reproduced at cost.

Parents/Guardians have the right to review all course material. [EC 49091.14, 51101; PPRA]

■ Curriculum and Personal Beliefs

Whenever any part of the instruction in comprehensive sexual health, sexual abuse, or human trafficking prevention education conflicts with your religious training and beliefs or personal moral conviction, or those of your child, your child shall be excused from such instruction if you request an excuse in writing. No student shall be penalized, sanctioned, or disciplined for such an excuse, and shall have an alternative education activity available. [EC 51240, 51938, 51950]

Family Life, Human Development, and Sexual Health Education

Your child will be taking classes in compliance with the California Healthy Youth Act. These will include comprehensive sexual health education, HIV education, and research findings regarding pupil health behaviors and risks. Students in grades 7-12 will gain a deeper understanding of HIV transmission, prevention, and treatment. They will also be taught about the prevalence of human trafficking and the methods traffickers employ, including social media and mobile devices. You will be notified before such instruction. Any written and audio-visual educational materials planned for use are available for inspection prior to the start of classes. You may have copies of non-copyrighted material that will be presented by a consultant or guest speaker. You have a right to request, in writing, that your child not participate in any or all activities. You may withdraw this request at any time. School districts must ensure that all participating pupils receive sexual health instruction from personnel adequately trained in appropriate courses. In this District, staff teaches these classes. During this class, students in grades 7-12 may be asked to anonymously, voluntarily, and confidentially fill out evaluation and research tools such as surveys, tests, or questionnaires

measuring student attitudes toward health, sex, and risk behaviors. Copies of Education Code Sections 51933, 51934, and 51938 can be requested from the District or can be obtained online at <https://leginfo.legislature.ca.gov>. [EC 51933-51939]

Tests/Surveys on Personal Beliefs

You and/or your child(ren) over 18 will be notified before administration of any confidential test, questionnaire, or survey containing questions about your child's, or your personal beliefs, political practices, mental health, anti-social, illegal, self-incriminating, demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility for receiving financial assistance), sex, family life, morality, or religion. You will be asked for written permission except for exempt surveys (in grades 7-12) that are part of sexual health programs or State surveys. Parents may opt their child(ren) out of all surveys, without penalty, including those seeking information to be used in marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. Notice will be sent to parents prior to such test or survey. If you believe your rights have been violated, you may file a complaint with the Family Policy Compliance Office at U.S. Department of Education, 400 Maryland Avenue, SW, Washington, D.C. 20202-5920. [EC 51513, 51938, 60614; 60615; PPRA; 34 CFR 98; ESEA]

Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the

information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255-32255.6]

■ High School Credits and Graduation

Education code sets minimum course requirements to graduate from high school and earn a diploma. School districts may set additional requirements. The District has established guidelines for transferring credits and meeting graduation requirements. Please see the table under "High School Graduation Requirements compared to UC/CSU Requirements" on page 13.

Exceptions

Highly mobile students; students who are homeless, migratory, foster youth, of a military family, juvenile court youth, or newcomer pupils have special rights related to graduation and partial high school credits. They have the right to an adult to help make educational decisions. These students can be registered in their district of choice, but must provide proof of residency within ten (10) days. Foster and homeless youth also have special rights associated with college funding, and certain considerations in school discipline. The District Uniform Complaint Procedure may be used to file a complaint.

California Proficiency Program (CPP)

Students who are 1) 16 years or older or will be enrolled in grade 10 for at least one school year by the end of the semester the test is taken; and 2) are subject to California's compulsory education laws may take the GED® or HiSET® tests of High School proficiency. The tests may be taken with pencil-and-paper or on a computer. If they pass, students will earn a State Certificate of Proficiency, which is equal to a high school diploma. There may be a fee for taking the exam. For more information visit www.cde.ca.gov/ta/tg/cp.asp.

Cal Grant Application / Opt-Out

Cal Grant Awards are money provided by the State of California to assist in college expenses (tuition, room and board, books and other supplies). Each student in grade 12 are considered Cal Grant applicants unless they or their parent/guardian opt out. Unless the parent/guardian or the 18-year-old student opt out in writing by the last Monday in September, certified Grade Point Average (GPA) data will be transmitted to the CA Student Aid Commission no later than October 1, 2024. To receive the Grant, students must apply. For more information go to www.csac.ca.gov.

College and Career Planning Tools

Parents/Guardians now have direct access to online tools and resources that help them prepare their child(ren)'s path to college and a career. Student information can be shared directly throughout the college admission process. Individual student data from California Longitudinal Pupil Achievement Data System (CALPADS) is linked with the California College Guidance Initiative (CCGI). Tools such as www.CaliforniaColleges.edu can be used as early as sixth grade and through 12th grade. It also helps with scholarships and financial support through programs like the Student Aid Commission. [EC 60900.5; FERPA]

University Admissions

University of California/California State University Admissions

Admission to the California State Universities (CSU) requires a minimum 15-unit pattern of courses for admission as a first-time freshman. Each unit is equal to a year of study in a subject area. A GPA of 2.0 (C) or higher is required for regular admission. Admittance is based on an

eligibility index that combines multiple items. Transfer students are accepted.

Admission to the University of California (UC) requires completion of the 15 year-long high school course list. These courses are also known as the “a-g” subjects. At least seven of the 15 year-long courses must be taken in the student’s last two years of high school. A GPA of 3.0 (B) or higher is required for California residents.

SCHOOL RECORDS AND STUDENT ACHIEVEMENT

■ Pupil Records

Parents, guardians, foster parents, certain caregivers, and students over 18 have the right to review, inspect, and get copies of school records within five business days of a written or oral request or before any meeting regarding an individualized education plan (IEP) or a hearing. Those records are confidential, and privacy will be maintained. Student records are provided to schools where student transfers or wants to enroll. In some instances, information about your child may be released to District staff, foster agencies, short-term residential treatment programs, after school programs, summer camps, lawyers, law enforcement, state

researchers, and nonprofit researchers. Sharing of pupil records must conform to federal laws and in some cases must be approved by the State Committee for Protection of Human Subjects. The records include transcripts, discipline letters, commendations, attendance, and health information. The records are maintained at the school offices by school secretaries. There is someone to help interpret the material. When more than one child is named in the records, parents may only see material related to their child. If requested, the district will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. District policy or administrative regulation sets forth the criteria by which school officials and employees can look and change or delete the files and why. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. You may have copies made for twenty-five cents (25¢) per page. If you cannot afford the cost of copies, they will be provided free of charge. With the proper documentation, the records can be changed to reflect a legal change of name and/or gender of a student or a former student. You also have the right to file a written request with the superintendent challenging the records if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer’s expertise, a comment not based on personal observation with time and date noted, misleading information, or a violation of privacy rights. You can file a complaint about how your request was handled with the district or with United States Department of Education. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student’s record. [EC 8484.1, 49060, 49062.5, 49063, 49068, 49069.3, 49070-

49079.7, 51101, 56043, 56504; CC 1798.24(t); FERPA; 20 USC 1232(g); 34 CFR Part 99]

Student Data from Social Media Websites

School Districts may now adopt a plan to gather student information from social media websites. The Governing Board has not adopted such a plan, but may consider it in the future. The information would pertain only to student or school safety, and must be destroyed within one year of the student leaving the District or turning 18. [EC 49073.6]

Students of Military Families

For a smoother transition, the District has established guidelines for transferring credits and meeting graduation requirements of students from military families. Also, students can be registered in their district of choice, but must provide proof of residency within 10 days. [EC 51225.1, 51225.2]

■ Regulations Regarding Pupil Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used. The progress report should reflect student progress in classwork and proficiency levels and indicate educational growth in relation to the student's ability, citizenship and effort. [EC 49067]

■ Teacher Qualifications

A provision of federal Title I requires all districts to notify parents of children in Title I schools that they have the right to request and receive timely information on the professional qualifications of classroom teachers and paraprofessionals including state qualifications, licensing for the grade level or subject taught, any waivers for qualifications, emergency provisions, college major, graduate degrees and subject, and if paraprofessionals or aides are in the classroom

and what their qualifications are. [ESEA; 20 USC 6311; 34 CFR 200.48, 200.61]

Professional Standards

The Governing Board expects district employees to maintain the highest ethical standards, exhibit professional behavior, follow district policies and regulations, abide by state and federal laws, and exercise good judgment when interacting with students and other members of the school community. 10. Divulging confidential information about students, district employees, or district operations to persons not authorized to receive the information
11. Using district equipment or other district resources for the employee's own commercial purposes or for political activities
12. Using district equipment or communications devices for personal purposes while on duty, except in an emergency, during scheduled work breaks, or for personal necessity

Employees shall be notified that computer files and all electronic communications, including, but not limited to, email and voice mail, are not private. To ensure proper use, the Superintendent or designee may monitor employee usage of district technological resources at any time without the employee's consent.

13. Causing damage to or engaging in theft of

property belonging to students, staff, or the district

14. Wearing inappropriate attire

An employee who observes or has evidence of another employee's inappropriate conduct shall immediately report such conduct to the principal or Superintendent or designee. An employee who has knowledge of or suspects child abuse or neglect shall file a report pursuant to the district's child abuse reporting procedures as detailed in AR 5141.4 – Child Abuse Prevention and Reporting.

Any reports of employee misconduct shall be promptly investigated. Any employee who is found to have engaged in inappropriate conduct in violation of law or Board policy shall be subject to disciplinary action and, in the case of a certificated employee, may be subject to a report to the Commission on Teacher Credentialing. ■ Release of Directory Information

The law allows schools to release "directory information" to certain persons or organizations including military recruiters. Directory information includes student's name, address, telephone number, email address, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates

of attendance, degrees and awards received, and the most recent previous school attended. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating nationality. You may have the district withhold any of this information by submitting a request in writing by August 30, 2024. Written notification received after the date specified will be honored, but the student's information may have been released in the interim. In the case of students with exceptional needs or who are homeless, no material can be released without parent or guardian consent. [EC 49061(c), 49070, 49073(c), 56515; FERPA; ESEA]

■ School Safety Plan

Every year, each school shall review and update its plan by March 1. Each school shall make its plan public and shall share the plan with numerous community leaders, school site personnel, and parent groups. Plans should, among other things, provide guidance for the response to and/or the prevention of bullying, child abuse, disasters, and criminal activity. Key elements are to be described in the School Accountability Report Card. Planned responses to criminal incidents need not be disclosed. The Uniform Complaint Procedure can be used regarding School Safety Plan compliance. [EC 32281, 32282.1, 32286, 32288, 32289, 51101]

STUDENT SERVICES

■ Student Meal Program

Meals are provided to all students at no cost under the Community Eligibility Provision (CEP). CEP allows high-poverty schools to serve breakfast and lunch at no cost to all enrolled students without collecting applications. [EC 49510-49520, 49558; 42 USC 1761(a)]

■ Student Use of Technology

We are pleased to offer students in the Big Oak Flat-Groveland Unified School District access

to our computer network and the Internet. To gain access to the network, all students must obtain parent/guardian permission and must sign and return to the office this legally binding contract. Please read the following policy carefully.

Students, teachers, support staff, parents and community members who use the Big Oak Flat-Groveland Unified School District Network have access to:

1. electronic mail (email) communication with people all over the world;
2. information and news from a variety of sources and research instructions;
3. public domain and shareware software of all types;
4. discussion groups on a wide variety of topics;
5. access to many university libraries and the Library of Congress.

With access to computers and people all over the world also comes the availability of some material that may not be considered to be of educational value within the context of the school setting. On a global network it is impossible to control all materials. We firmly believe that the value of information and interaction available on this worldwide network far outweigh the possibility of users procuring material that is not consistent with the educational goals within each school. While our intent is to make Internet access available to further educational goals and objectives, students may find ways to access other materials as well. Ultimately, parents and guardians of minors are responsible for setting and conveying the standards their children should follow when using information sources. To that end, Big Oak Flat-Groveland Unified School District schools support and represent each family's right to decide whether or not to apply for access.

Students are responsible for good behavior on school computer networks just as they are in the classroom or on campus. Communications on

the network are often public in nature. General school rules for behavior and communications apply.

Any violation of the following policies will result in a loss of access as well as other disciplinary or legal action as determined by the administration and/or law enforcement. First offense: 5-15 days of suspension from network. Second offense: Suspension from network for remainder of quarter, or a minimum of thirty days. Third offense: Expulsion from computer network access and usage for remainder of school year. The parties who signed have read the terms and conditions and understand their significance.

Acceptable Use:

The purpose of the Internet is to support research and education in and among academic institutions by providing access to unique resources and the opportunity for collaborative work. Use of your account must be in support of education and research and consistent with the educational objectives of Big Oak Flat-Groveland Unified School District (BOFGUSD). Use of other organization's networks or computing resources must comply with rules appropriate for that network.

Transmission of any material in violation of any U.S. or state law is prohibited. This includes, but is not limited to copyrighted material, threatening or obscene material, or material protected by trade secrets.

In keeping with the educational goals of using the Internet at Big Oak Flat-Groveland Unified School District, users shall not download or play online games. Users shall not connect to chat rooms or newsgroups unless initiated and assigned by a Big Oak Flat-Groveland Unified School District instructor specifically for class.

All Terms and Conditions as stated in this document are applicable to the BOFGUSD network in addition to all other Internet access networks. These Terms and Conditions reflect the entire agreement of the parties and

supersede all prior oral or written agreements and understandings of the parties. These Terms and Conditions shall be governed and interpreted in accordance with the laws of the State of California, United States of America.

The following actions are specifically not permitted:

- Violating posted computer rules
- Trespassing in another user's work files
- Installing or accessing unauthorized software or documents
- Using obscene language
- Accessing the Internet from an unsupervised computer
- Harassing, insulting, or attacking others
- Damaging computers or computer system
- Violating copyright laws
- Using another's password
- Intentionally wasting limited resources
- Accessing chat rooms without authorization and supervision
- Sending, receiving, or displaying offensive messages or pictures

[EC 33126, 32286, 35256, 35258, 51101]

■ Services to Students with Disabilities

If you have reason to believe your child (ages 0 through 21 years) has a disability requiring special services or accommodations, tell or write the school. Your child will be evaluated to

determine whether he/she is eligible for free special or modified instruction or services.

The District wants to locate, identify and assess all children with disabilities whether homeless, wards of the state, enrolled in public or private schools. The District has policies guiding procedures for identification and referral. Students identified with special needs will receive a Free Appropriate Public Education in the least restrictive environment. [EC 48853, 56020 et seq., 56040, 56301; 5 CCR 4622; 20 USC 1412, (10)(A)(ii), 1412(a)(6)(A); 34 CFR 300.121]

Pregnant or parenting students who are 18 years old or who have permission from their parent/guardian may, but are not required to take excused leave for up to eight weeks to protect the health of the student and the infant. More than eight weeks may be granted if it is deemed medically necessary. Certification from a physician or nurse practitioner that the student is able to participate in the regular education program may be required only if it is required for students returning from other temporary disabilities.

A parenting student may be excused for absences as listed under “General Absences” page 4. They may also be excused as the custodial parent to care for a sick child. A note from a physician shall not be required for such an absence.

Reasonable accommodations shall be provided to any lactating student to express breast milk, breastfeed, or any other breastfeeding related needs. These accommodations include, but are not limited to a private, secure room other than a restroom to express milk or breastfeed, and a reasonable amount of time to do so; permission to bring equipment for expressing milk onto campus, and access to power to operate it; and a safe place to store expressed milk. There shall be no penalty for using these accommodations, and opportunity to make up any missed work shall be available.

Educational and Support Services

Pregnant or parenting students will not be required to complete schoolwork or other requirements while on leave. Time shall be provided to make up work without penalties. They may be allowed a fifth year to complete high school graduation requirements unless administration determines they are capable of completing graduation requirements in four years.

These students may choose to return to the same school or choose to attend an alternative program with access to comparable courses, programs, and activities. Generally, a classroom setting is preferred unless an alternative will better meet the needs of the student and/or their child. Any alternative program offered specifically for pregnant or parenting students shall be comparable to that offered to other students, and participation shall be voluntary.

Childbirth, pregnancy, or related recovery will not in and of itself deny a student access to any educational program, course, or activity.

As possible, and sometimes in collaboration with community organizations or agencies, the District will provide services to pregnant

and parenting students and their children. These services may include academic and personal counseling; supplemental instruction; parenting and life-skills education; childcare and development services; special nutrition and supplements for pregnant and/or lactating students; health care services; and tobacco, alcohol, or drug prevention/intervention. Where appropriate, staff shall get related professional development.

The District shall not treat students differently based on their actual or potential parental, family, or marital status on the basis of sex. Complaints related to pregnancy, marital status, parental status, or lactation accommodations can be made using the “Uniform Complaint Procedure” on page 37. [EC 221.51, 222, 222.5, 230, 46015, 48200, 48205, 48980, 49553; 5 CCR 4600-4670, 4950; FC 7002; HSC 104460; 42 USC 1786; 7 CFR 246.1-246.28; 34 CFR 106.40]

■ Pupil Fees

While there are limited exceptions, families and students should not have to pay fees for most items related to public education. There are four types of fees identified in Education Code:

Pupil Fees: No fees or deposits can be required or collected for items including, but not limited to, materials, supplies, equipment, uniforms (i.e. band, cheerleading, basketball), lockers, locks, books, class apparatus, musical instruments.

Educational Activity Fees: No fees can be required or collected for student participation in an event or activity, either curricular or extracurricular, that is an essential part of a student’s education or for transportation to those events. There can be no fees required for registering or participating in regular or extra classes.

Voluntary Donations: While voluntary donations may be suggested for activities, no student may be denied participation based on the family’s ability to make a donation.

Exceptions – When fees may be required: By law, there are exceptions to the prohibition against charging fees or deposits. Exceptions include, but are not limited to, transportation to non-essential activities, non-essential events where attendance is optional (such as a school dance), food served to students, damage to district provided materials such as textbooks, cost of community service classes, and fingerprinting. Money may also be collected for material used for projects that a student will be taking home, such as, material used in a career class like woodshop or sewing. The Uniform Complaint Procedure can be used regarding pupil fee compliance. A complaint may be filed with the school principal and may be filed anonymously.

HEALTH SERVICES

■ Student Wellness

Wellness has a direct impact on a student’s learning and social development. There are laws and policies that support and protect student wellness.

Students are encouraged to drink water throughout the school day. They are allowed to bring and carry water bottles except in libraries, computer labs, science labs, or other places where it may be dangerous to have drinking water. [EC 38042]

Students can wear sun protective clothing when outdoors, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor’s note or prescription. [EC 35183.5, 35291]

Student Access to Mental Health Services

School-based mental health services help

address barriers to learning and provide appropriate student and family support in a safe and supportive environment. Reaching out for mental health services is simple; contact your school counselor, nurse, health aide, principal, or the district office. In the community a good place to start may be to dial 211 for referrals in your area or to call Tuolumne Co. Behavioral Health Services at (209) 533-6245. If you are in crisis, contact this number or dial 911 immediately. [EC 49428]

Suicide Prevention

Suicide is a leading cause of death among youth, and school personnel is often in a position to recognize warning signs. The District makes an effort to reduce suicidal behavior and its impact and has developed strategies to intervene. These may include staff development, student instruction in coping skills, informing parents/guardians, methods for promoting a positive school climate, crisis intervention, and counseling (including for bereavement). Information about district programs and services and links to community and statewide resources are available on the District's website at www.bofg.org. [BP 5141.52 September 2020; EC 215, 234.5, 234.6, 31180-32289, 49060-49079, 49602, 49604; GC 810-996.6; PC 11164-11174.3; WIC 5698, 5850-5883]

Tobacco-, Alcohol-, and Drug-Free Schools

The Board has adopted Tobacco-Free, Drug-Free, and Alcohol-Free campus policies to promote student health and well-being. The district has prevention and intervention programs. There may be programs through the district or in the community to support students' cessation from use of tobacco, alcohol, or drugs. For more information, please contact the school/district nurse or a school administrator. [EC 51202-51203, 51260-51269; HSC 104420, 11999-11999.3]

■ Immunizations

Documented proof that immunizations are up-to-date is required before attending school; districts may not allow "conditional" admittance into schools. Students may not participate in a classroom setting unless they have been fully immunized against diphtheria, hepatitis b, haemophilus influenza type b, measles, mumps, pertussis (whooping cough), poliomyelitis, rubella, and tetanus. Students must be immunized for varicella (chickenpox) or provide proof from a doctor stating they have had the disease.

All new students, advancing students, or students transferring into grades 7-12 must be fully immunized, and will not be admitted without the required booster against pertussis (Tdap) and a second dose against varicella. The required immunizations are available through a usual source of medical care, County Health Department, a school nurse, or may be administered by a health care practitioner acting under the direction of a physician. Immunizations may be given at school. There may be funds for those who cannot access services. Homeless, foster, migratory, and military youth can be enrolled without proof of immunization.

If an outbreak of a communicable disease occurs, a non-immunized student will be excluded from school for their own safety until such a time as directed by health officials or district administration. [HSC 120325, 120335, 120338, 120375, 120400, 120405, 120410, 120415, 120440, 120480; EC 48216, 48852.7, 48853.5, 49403; 17 CCR 6000-6075; 42 USC 11432(C)(i)]

Parents/Guardians of students entering grade 6 are advised to follow current immunization guidelines, as recommended by the Centers for Disease Control and Prevention, the American Academy of Pediatrics, and the American Academy of Family Physicians, regarding immunization against human papillomavirus (HPV) before admission or advancement to

grade 8. HPV vaccination can prevent over 90 percent of cancers caused by HPV. HPV vaccines are very safe, and scientific research shows that the benefits of HPV vaccination far outweigh the potential risks. [EC 48980.4; HSC 120336]

Exemptions

These requirements do not apply if a form from licensed physician cites why they should not. The physician submits the standardized electronic form directly to the California Immunization Registry (CAIR) and to the school for exemption; this is the only form the school will accept. The form will include physician information, the child's name and their school, the parent's/guardian's name, and the specific basis for and duration of the exemption.

Forms submitted prior to January 1, 2020 and exemptions based on beliefs opposed to immunization submitted prior to January 1, 2016 are valid until the pupil enrolls in the next grade span (through preschool, grades K-6, grades 7-12). Parents or guardians may refuse to allow the sharing of personal information related to their child's immunization records by notifying your County Health Department. [HSC 120325, 120335, 120338, 120370, 120372, 120372.05; EC 48216]

■ Physical Examinations

Many things impact a child's ability to learn, to progress, and to succeed; including their health. There are required immunizations that may be given during a physical exam by a physician. Your child may qualify for Medi-Cal or other government programs. You can contact Medi-Cal for information at (800) 541-5555 or your county health department at:

Tuolumne County Health Dept
20111 Cedar Road North, Sonora, CA 95370
209-533-7414
or Toll Free 1-800-585-6606, ext. 7414
Monday-Friday 8:00 a.m. to 5:00 p.m.

There are some screenings that may happen at school. If you do not want your child to have

any, or all, of these screenings, give the school a written letter annually specifying which screenings you are denying consent for. If your child has had screenings outside of school, you may also submit a certificate verifying they have been done. When there is a good reason to believe that your child is suffering from a recognized contagious or infectious disease, they may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist [EC 49450, 49451; HSC 124085, 124100, 12105; PPRA]

Vision and Hearing Screening

An authorized person will check your child's vision upon enrollment and in grades 2, 5, 8, and 10 or 11 (unless they enroll into grade 4 or 7). Hearing tests will be conducted when your child is enrolled or first enters a District school. You may submit a letter annually denying consent or a certificate from a physician or optometrist verifying prior testing has been done. [EC 44878, 49451, 49452, 49452.5, 49455; 17 CCR 2951]

Oral Health Assessment

Oral health is a part of a child's overall health; a child with cavities is not healthy, even if it is in a baby-tooth. A child with cavities may have problems paying attention and learning. They need their teeth to eat properly, talk, smile, and feel good about themselves. Parents/Guardians must submit, by May 31st of the child's first year of school (kindergarten or grade 1), proof that their child's oral health has been assessed within 12 months of the child starting school. The assessment must be done by a licensed dentist or licensed or registered dental health professional. [EC 49452.8]

■ Medication

Children may take medication, which is prescribed by a physician, and get help from school personnel during the school day if:

1. The district designee has received a written statement from the physician detailing the

medication name, method, amount, and time schedules by which the medication is to be taken; and

2. Parent, guardian, or caregiver annually submits a written statement asking the school district to assist their child in taking the medication or allow the student to self-administer certain medications. The statement gives permission to communicate with the health care provider or pharmacist, and acknowledges understanding of how the medication will be administered.

This includes allowing a school staff member to volunteer and be trained to identify the need for, and to administer epinephrine to a student for anaphylaxis; glucagon as prescribed for diabetes; or anti-seizure medication as prescribed to a student diagnosed with seizures, a seizure disorder, or epilepsy. Each school determines if it will have staff trained in the use and storage of auto-injectable epinephrine and/or anti-seizure medication. The District will have a supply of auto-injectable epinephrine at each school site. A school nurse or trained volunteer school employee may administer emergency naloxone hydrochloride or another opioid antagonist to persons suffering, or reasonably believed to be suffering, from an opioid overdose. [EC 49414, 49414.1, 49414.3, 49414.5, 49423, 49423.1, 49468.2, 49480]

Children may carry and self-administer a blood glucose level test, diabetes care, inhaled asthma medication, and auto-injectable epinephrine if the rules above are met and if a physician confirms in writing that the student is able to self-administer. [EC 49414, 49414.5, 49423, 49423.1, 49480]

A parent or guardian may administer, by means other than smoking, medicinal cannabis to their child after filing with the school a statement and prescription from a physician. The prescription and any records associated with the treatment of a student are confidential medical records. Full rules are detailed in education code.

[BP 5141.21 February 2020; EC 49414.1; HSC 11362.79]

If your child is on a continuing medication regimen for a non-episodic condition, you are required to notify the district designee of the medication being taken, the current dosage, and the name of the supervising physician. [EC 49480]

■ Medical treatment in absence of parent

Please use form at the end of this booklet to tell the District if you want to or don't want the school to allow medical treatment in your absence.

■ Medical and Hospital Insurance for Students

The district DOES NOT provide insurance on individual students. However, you may purchase accident insurance through the district for medical and hospital services covering your child. The insurance provides coverage for your child while on school grounds or in school buildings during the time your child is required to be there because of attendance during a regular school day of the district; or while being transported by the district to and from school or other place of instruction; or while at any other place as an incident to school-sponsored activities. All children enrolling in kindergarten, first grade, or transferring into the district must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California. The school district assumes no liability for accidents to pupils at school. [EC 32221.5, 49471, 49472; PPACA]

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses. Some pupils may qualify to enroll

in no-cost or low-cost local, state, or federally sponsored health insurance programs. [EC 32221.5]

Enrollment in a Health Care Plan

All children and their families must be enrolled in a health care plan. There are several options for getting a health plan; through an insurance agent, or low cost provider such as Medi-Cal and Covered California at (800) 300-1506 or online at www.coveredca.com. [PPACA]

School-Sponsored Athletics

If a student participates in school-sponsored athletics other than physical education or athletic event during the school day, parents/guardians and the student athlete are required to annually; (1) complete a concussion awareness form, (2) complete a sudden cardiac arrest awareness form, and (3) sign a document acknowledging receipt of an Opioid Factsheet received either in print or electronic format. [EC 33479, 49475, 49476]

High school athletes must sign a pledge they are not using steroids illegally or they will not be allowed to participate. Parents must sign a form notifying them of the restriction. [EC 49033, 60041; HSC 11032]

■ Diabetes Information

Diabetes is a health condition that affects how the body turns food into energy. Most food is broken down into glucose (sugar). When sugar increases in your bloodstream, your pancreas releases insulin. Insulin acts like a key to let the sugar into your body's cells to use as energy. When there isn't enough insulin or when cells stop responding to insulin, too much sugar stays in your bloodstream. Over time, this can cause serious health problems such as heart disease, vision loss, and kidney disease. There is no cure for any type of diabetes.

For both types, managing weight, eating healthy food, being active, and getting enough rest can really help. Taking medicine as

prescribed, getting diabetes self-management education and support, and keeping health care appointments can also reduce the negative impacts of diabetes.

Type-2 Diabetes:

Type-2 diabetes is when your body can't use the insulin it makes as well as it should. It is the most common form of diabetes in adults, and is becoming more common in children, especially overweight teens. It is estimated that one in three children born in the US after the year 2000 will develop type-2 diabetes.

Type-2 diabetes can be prevented or delayed through lifestyle changes and medical intervention, and it is treatable. Eating healthy foods in the correct amounts and exercising regularly (at least 60 minutes every day) can help children achieve or maintain a normal weight and normal blood glucose levels.

The first step is to visit a doctor who can determine if your child is overweight. A doctor can prescribe medication if appropriate and can order tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (may lead to full onset type-2 diabetes).

Type-1 Diabetes:

Type-1 diabetes is when your body simply doesn't make enough insulin. Type-1 diabetes is not preventable, but it is manageable. It is an autoimmune disease that may be caused by genetic, environmental, or other factors. It is usually first diagnosed in children or young adults, but it can occur at any age.

Risk Factors:

It is recommended that students displaying or possibly experiencing the risk factors and warning signs below see a doctor to be screened for type-1 and/or type-2 diabetes:

Being overweight: The single greatest risk factor for Type-2 diabetes is excess weight. In the US, almost one out of every five children is overweight. Being overweight more than

doubles a child's chance of developing diabetes.

Family history of diabetes: Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity: Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups: Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type-2 diabetes.

Age/Puberty: Type-1 diabetes usually occurs in the early years, and before reaching puberty. Type-2 diabetes is more likely to develop during or near puberty, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms:

There are usually warning signs when a child might have diabetes. Not everyone with diabetes develops these symptoms, and not everyone who has these symptoms necessarily has diabetes. Type-2 symptoms generally develop slowly over time. Type-1 symptoms show up quickly – in a matter of weeks or even days, and are much more severe.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular/No menstrual periods, and/or excess facial and body hair growth in girl

- High blood pressure or abnormal blood fats levels
- For type-1; Nausea, vomiting, and/or stomach pain

Parents/Guardians of children displaying warning signs should immediately consult with the student's primary care provider to determine if screening for diabetes is appropriate. Following a diabetes's diagnosis, parents/guardians should work with the primary care provider to develop a lifestyle and medical treatment plan, which may include consultation with and examination by a specialty care provider, including, but not limited to, a properly qualified endocrinologist.

Diabetes Screening Tests:

Your doctor may have your child take one or more of the following blood tests to confirm the diagnosis:

Glycated hemoglobin (A1C) test: A blood test measures the average blood sugar level over two to three months

Random (non-fasting) blood sugar test: A blood sample is taken at a random time; this test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test: A blood sample is taken after an overnight fast; a high level on two separate tests indicates diabetes.

Oral glucose tolerance test: A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid.

If the primary care provider thinks your child has type-1 diabetes, blood may also be tested for autoantibodies (substances that indicate the body is attacking itself) that are often present in type-1 diabetes but not in type-2. The child's urine might be tested for ketones (produced when the body burns fat for energy), which may also indicate type-1 diabetes instead of type-2 diabetes.

More information can be found on these

websites: California Department of Public Health, www.cdph.ca.gov; Centers for Disease Control and Prevention, www.cdc.gov; American Diabetes Association, <https://diabetes.org>.

The information provided in this booklet is intended to raise awareness about this disease. Contact your child's primary care provider, school nurse, or school administrator if you have questions. [EC 49452.6, 49452.7; HSC 104250]

■ Meningitis

Meningococcal disease or Meningitis can be a life threatening infection that can be treated, but cannot always be cured. Routine vaccinations are recommended for 11-12 years olds, students entering high school and students living in college dorms. [HSC 120395-120399]

■ Fluoride Treatments

Children are eligible for fluoride treatments through a program organized by the county health officer. Parents will get a record that the treatment was applied. The county health officer will determine how to pay for the program. Parents or a student 18 years old or more have the right to refuse this program using the form provided by the school district. This program is not meant to replace regular professional dental care. [HSC 104830-104865]

STUDENT BEHAVIOR AND SAFETY

All pupils have the right to participate fully in the educational process, free from discrimination, harassment, violence, intimidation, and bullying. Schools have an obligation to combat racism, sexism, and other forms of bias, and a responsibility to provide equal educational opportunity and ensure safe school sites.

Students are encouraged to report anything they see or hear about that might be suspicious or dangerous to a teacher or other staff member. Any staff member that receives such a report will

quickly take appropriate action, and the student's identity will remain confidential.

■ School Rules

You have a right to review school and district rules regarding student discipline. If you wish to do so, please contact the school office. [EC 35291, 48980, 51101]

■ Safe Place to Learn

It is State and District policy to improve student safety, connections between students and supportive adults, and connections between schools and communities. These policies prohibit discrimination, harassment, intimidation, and bullying at all school sites or at any school sponsored activity. School site staff trained in anti-bias shall be made known to students. When safe to do so, District employees must intervene immediately when they see discrimination, harassment, intimidation or bullying. Certificated staff in grades 7-12 get information about helping LGBTQ students. Information about district programs and services and links to community and statewide resources related to: suicide prevention; sex discrimination including Title IX information; hate violence; sexual harassment including the District's Policy (also included in this booklet); harassment, intimidation, and bullying; and cyber-bullying including social-media bullying are available on the District's website at www.bofg.org and online at www.cde.ca.gov, <https://calschls.org/about/the-surveys/>.

The District Uniform Complaint Procedure may be used to file a complaint. Contact the District Complaint Officer(s) listed on page 36 for assistance. [EC 200, 215, 220, 221.6, 221.61, 221.8, 230, 231.5, 233, 234, 234.1, 234.4, 234.5, 234.6, 51101, 66250, 66260.6, 66270; PC 422.55, 422.6; 5 CCR 4900; BP 5131.2 February 2020]

■ Digital Communication Devices

Districts may regulate the possession or use of any cellphone, smartphone, pager or electronic signaling device while pupils are on

campus, while attending school-sponsored activities, or while under the supervision and control of school district employees. Students cannot be stopped from using such a device when: there is an emergency; there is a perceived threat of danger; when a teacher or administrator has said it is acceptable; or if it is part of an individualized education program (IEP). Possession or use is allowed if essential to student's health as determined by a licensed physician or surgeon. [EC 48901.5, 48901.7]

■ Safety Beyond School

There are several topics where school districts are either required or recommended to inform parents/guardians about student safety beyond school grounds, events, or activities.

Safe Gun Storage

Guns are now the third leading cause of death for children in this country. Over 80 percent of teens who commit suicide with a gun used one that belonged to someone in their home. Anyone who reasonably knows a child might access a firearm without permission, loaded or not, is criminally liable for where that firearm is taken, brandished, or how it is used. This includes all school facilities or activities, events, and public places. More information about gun safety and the safe storage of firearms can be found at <https://oag.ca.gov/firearms/tips>. Those responsible for access to a firearm could lose the right to own a firearm for 10 years, face fines, imprisonment, and civil liability. When there is a threat of a homicide, school staff shall notify law enforcement. [EC 48980, 48986, 49390, 49391, 49392; PC 25000-25140]

Water Safety / Drowning Danger

Drowning is a leading cause of death and hospitalizations for California children ages 1 to 4, and one of the leading causes for youth up to 19 years old. Water safety and swimming education is very effective in helping to prevent drowning. The school or district may have information

about where to enroll your child(ren) in these classes. [EC 51140; HSC 115920-115929]

Use of Synthetic or Counterfeit Drugs

Use of any drugs, including synthetic drugs such as fentanyl, that are not prescribed for you by your physician are potentially very dangerous. Fentanyl accounted for more than 80 percent of the drug-related deaths among youth in California in 2021. It is 50 times more potent than heroin, and 100 times more potent than morphine. Many counterfeit drugs are sold on the street as if they were known name-brand or generic drugs; and many of them may contain fentanyl or other dangerous synthetic drugs. [EC 48980, 48985.5]

DISCIPLINE

■ Civility

The District believes that every person deserves to be treated with dignity and respect in their interactions within our School Community. Civility has an impact on effective operations and on the creation of a safe and positive school climate for everyone.

While respecting every individual's right to free speech, that right does not allow for disruption of school classes, activities, meetings, or other events. Students, staff, parents, guardians, and the community are expected to be polite, courteous, respectful, and behave reasonably at all school or district activities and events. Practices that promote civil behavior include, but are not limited to, actively listening, giving full attention, not interrupting, welcoming and encouraging participation by everyone. Civility is hindered by disruptive behavior or speech, violence or the threat of violence, or harassment or bullying of any kind; these behaviors are prohibited and are subject to discipline according to law and District policies. [EC 32210- 32212, 44050, 44807, 44810, 44811, 48900 et seq, 48950; CC 51.7, 1708.9; GC 54954.3, 54957.9; PC 415.5, 422.6, 627.4, 627.7]

■ Parent Responsibility

Parents or guardians are liable for all the damages caused by the willful misconduct of their minor children that result in death or injury to other students, school personnel, or damage to school property. Parents are also liable for any school property loaned to the student and willfully not returned. Parents' or guardians' liability may be as much as \$25,000 in damages and another maximum of \$13,800 as adjusted annually by the California Department of Education for payment of a reward, if any. With a few exceptions, the school district may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom. Civil penalties may also be enforced with fines up to \$25,000. [EC 48900.1, 48904, 51101; CC 1714.1; GC 53069.5]

■ Impersonation on the Internet

Pretending to be another pupil or real person other than yourself on the Internet or through other electronic methods to harm, intimidate, threaten or defraud is punishable by a \$1,000 fine or imprisonment for up to one year. [EC 48900; PC 528.5]

■ Drugs, Alcohol, and Tobacco

Possession or use of illicit drugs (including cannabis), alcohol, or any tobacco product on District premises or at any District activity is strictly prohibited.

A student in possession or under the influence of marijuana (cannabis), concentrated cannabis, or any synthetic cannabinoid is subject to suspension or expulsion. A student under 18 also faces up to forty (40) hours of community

service, ten (10) hours of drug education, and sixty (60) hours of counseling; a student 18 or older can be imprisoned for up to six (6) months and/or be fined up to \$1,000. It is illegal for anyone under 21 to possess cannabis or synthetic cannabis.

Possession of tobacco by anyone under 21 is illegal and can lead to a \$75 fine or 30 hours of community service except for members of the military.

Except for members of the military, possession of tobacco by anyone under 21 is illegal unless they are members of the military and can lead to a \$75 fine or 30 hours of community service. Possession of approved tobacco cessation aids is not prohibited. A "tobacco product" is any product made or derived from tobacco or nicotine that is intended for human consumption, including an electronic device that delivers nicotine (commonly known as "e-cigarettes" or "vaping"). In those cases, the peace officer will notify the parent or guardian. [EC 48906; PC 11165.6; WIC 305]

DISCRIMINATION, PROTECTIONS, COMPLAINTS AND PROCEDURES

The District is primarily responsible for compliance with local, state and federal laws and regulations and has procedures to address allegations of unlawful discrimination, harassment, intimidation, or bullying against any protected individual or group including actual or perceived sex, sexual orientation, gender, gender identity, gender expression, ethnic group identification, race or ethnicity, ancestry, national origin, nationality, religion, mental or physical disability, age, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any district program, or activity that receives or benefits from local, state and federal financial assistance.

■ Nondiscrimination / Harassment

The Governing Board desires to provide a safe school environment that allows all students equal access and opportunities in the district's academic and other educational support programs, services, and activities. The Board prohibits, at any district school or school activity, unlawful discrimination, harassment, intimidation, and bullying of any student based on the student's actual race, color, ancestry, national origin, ethnic group identification, age, religion, marital or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, or gender expression; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics.

This policy shall apply to all acts related to school activity or to school attendance occurring within a district school.

Prohibited discrimination, harassment, intimidation, or bullying includes physical, verbal, nonverbal, or written conduct based on one of the categories listed above that is so severe or

pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

The Board also prohibits any form of retaliation against any student who files a complaint or report regarding an incident of discrimination, harassment, intimidation, or bullying.

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the district's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. He/she shall provide training and information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the educational program. He/she shall report his/her findings and recommendations to the Board after each review.

Students who engage in discrimination, harassment, intimidation, bullying, or retaliation in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline. Any employee who permits or engages in prohibited discrimination, harassment, intimidation, bullying, or retaliation shall be subject to disciplinary action, up to and including dismissal. [BP 5145.3 February 214; EC 200-262.4, 48900.3, 48900.4, 48904, 48907, 48950, 48985, 49020-49023, 51500, 51501, 60044; CC 1714.1; PC 422.55, 422.6; 5 CCR 432, 4600-4687, 4900-4965; 20 USC 1681-1688; Title

■ Sexual Harassment

The Governing Board is committed to maintaining a safe school environment that is free from harassment and discrimination. The Board prohibits, at school or at school-sponsored or school-related activities, sexual harassment targeted at any student by anyone. The Board also prohibits retaliatory behavior or action against any person who reports, files a complaint or testifies about, or otherwise supports a complainant in alleging sexual harassment.

The district strongly encourages students who feel that they are being or have been sexually harassed on school grounds or at a school-sponsored or school-related activity by another student or an adult, or who have experienced off-campus sexual harassment that has a continuing effect on campus, to immediately contact their teacher, the principal, the district's Title IX Coordinator, or any other available school employee. Any employee who receives a report or observes an incident of sexual harassment shall notify the Title IX Coordinator.

Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 5145.71 – Title IX Sexual Harassment Complaint Procedures or BP/AR 1312.3 – Uniform Complaint Procedures, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 5145.71 concurrently meets the requirements of BP/AR 1312.3.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

The Superintendent or designee shall inform students and parents/guardians of the district's sexual harassment policy by disseminating it through parent/guardian notifications, publishing

it on the district's website, and including it in student and staff handbooks. All district staff shall be trained regarding the policy.

Instruction/Information

The Superintendent or designee shall ensure that all district students receive age-appropriate information on sexual harassment. Such instruction and information shall include:

1. What acts and behavior constitute sexual harassment, including the fact that sexual harassment could occur between people of the same sex and could involve sexual violence
2. A clear message that students do not have to endure sexual harassment under any circumstance
3. Encouragement to report observed incidents of sexual harassment even when the alleged victim of the harassment has not complained
4. A clear message that student safety is the district's primary concern, and that any separate rule violation involving an alleged victim or any other person reporting a sexual harassment incident will be addressed separately and will not affect the manner in which the sexual harassment complaint will be received, investigated, or resolved
5. A clear message that, regardless of a complainant's noncompliance with the writing, timeline, or other formal filing requirements, every sexual harassment allegation that involves a student, whether as the complainant, respondent, or victim of the harassment, shall be investigated and action shall be taken to respond to harassment, prevent recurrence, and address any continuing effect on students
6. Information about the district's procedures for investigating complaints and the person(s) to whom a report of sexual harassment should be made
7. Information about the rights of students and

parents/guardians to file a civil or criminal complaint, as applicable, including the right to file a civil or criminal complaint while the district investigation of a sexual harassment complaint continues

8. A clear message that, when needed, the district will implement supportive measures to ensure a safe school environment for a student who is the complainant or victim of sexual harassment and/or other students during an investigation

Disciplinary Actions

Upon completion of an investigation of a sexual harassment complaint, any student found to have engaged in sexual harassment or sexual violence in violation of this policy shall be subject to disciplinary action. For students in grades 4-12, disciplinary action may include suspension and/or expulsion, provided that, in imposing such discipline, the entire circumstances of the incident(s) shall be taken into account.

Upon investigation of a sexual harassment complaint, any employee found to have engaged in sexual harassment or sexual violence toward any student shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Record-Keeping

In accordance with law and district policies and regulations, the Superintendent or designee shall maintain a record of all reported cases of sexual harassment to enable the district to monitor, address, and prevent repetitive harassing behavior in district schools. [BP 5145.7 January 2021; EC 200-262.4, 48900, 48900.2, 48904, 48980, 48985; CC 51.9, 1714.1; GC 12950.1; 5 CCR 4600-4670, 4900-4965; FERPA; Title VI; Title VII; 20 USC 1092, 1221, 1681-1688; 34 USC 12291; 42 USC 1983; 34 CFR 106.1-106.82]

Use of the Internet provides great educational benefits to students. Unfortunately, however, some material accessible via the Internet may contain items which are illegal, defamatory, or potentially offensive to some people. Access to the Internet is a privilege for students who must act in a considerate and responsible manner. We require that students and parents/guardians read, accept and sign the following guidelines for acceptable on-line behavior before Internet use will be allowed.

- Students are responsible for good behavior on the Internet, just as they are in a school building. All school rules for behavior and communication apply.
- Downloading non-academic files from the Internet, especially, but not limited to, shareware programs, browsers and audio or video files will not be permitted.
- Network areas will be monitored on a regular basis. Network Administrators, the staff and other faculty may review files to maintain system integrity and ensure students are using the system responsibly. At times, surveillance will be used and students should not expect that files will be private.
- Internet use is for academic purposes and scheduled classes will have priority over coming into the Computer Lab individually for Internet use.
- The following are not permitted:
 - Sending or displaying offensive messages or pictures.
 - Using obscene language.
 - Harassing, insulting, or attacking others.
 - Damaging computers, computer system or network files.
 - Other student files.
 - Violating copyright laws.
 - Employing the network for commercial purposes.
 - Intentionally wasting limited resources, including the use of "chain letters" and messages broadcast to mailing lists or individuals.
 - Revealing the personal address, phone number or e-mail address of any other person without permission.
- The use of anonymous proxy servers or anything else that bypasses the firewall.
- Violations will result in the loss of access and other school discipline as outlined in the school code.

STUDENT:

- I have read the rules for acceptable on-line behavior, understand the rules, and agree to comply with the above stated rules. Should I violate the rules, I understand that I may lose my computer privileges, may be removed from class, may be suspended, may be expelled and may be referred to the police and will have to pay restitution for damages.
