## 2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Don Pedro High School is a small high school located in the small remote community of Don Pedro in the foothills of central California. The school's enrollment reflects the area with a small population of approximately 50 students. In addition to the remote area where the school is located, its geographical location is quite far from the other schools in the district.

### **Our mission and focus echoes that of our district:**

7. Recruit and Retain Quality Staff
8. Maintain and Update Campus Facilities
9. Cultivate and Maintain Partnerships with Students, Parents, Staff and Communities

## 2021-22 School Overview

### About Our School

The school operates on a traditional calendar and offers co-curricular activities as desired by the current student population. Athletic programs are offered based on number of potential athletes. In spite of its small size, the programs offered at Don Pedro High are quite rich. Students can fulfill both their academic and career aspirations. A complete A-G academic requirement program for college bound students is offered at the school. The AG and FFA programs are growing and are very popular. Due to the small size, students at Don Pedro are able to enjoy a close, family like learning environment that is supportive both socially and academically. Class sizes are ideal for learning as the present student/teacher ratio is 10:1. It is rare to find a class in excess of 15 students at Don Pedro High.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook adoptions were collected from teachers as to what they are currently using. Many of the adoptions happened prior to current staff, in Core areas textbooks would have been adopted from the SBE lists. In electives large textbook company purchases are through the governing board and supplemental materials are teacher discretion.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## 2020-21 Career Technical Education Programs

Don Pedro High School students have access to the following CTE courses: Floral Design/Horticulture, Agriculture Mechanics, Introduction to Medical Assisting, and Culinary. The CTE courses support academic achievement through the integration of problem solving and real world applications, especially in the areas of mathematics, reading, and writing. All students are prepared for career and work through our Get Focused Stay Focused program where students create a ten year plan and through a Personal Finance class where students prepare resumes, applications, budgets, scholarship applications, and career plans. Special education teachers work closely with the workability program to prepare students along with their participation in the Get Focused Stay Focused program. The CTE programs are evaluated based on the education and work decisions of students who have completed these courses.

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

## 2021-22 School Safety Plan

The School Safety Plan is reviewed each year. As of the 13/14 school year a revised plan includes A.L.I.C.E. (Alert, Lockdown, Inform, Counter and Evacuate) protocol incorporated into all plans. A.L.I.C.E. training began in our District on 1/6/14 for all staff and is an annual training on site with staff and students conducted by Sheriff Dept. The key elements in the plan are to follow the basic steps but when information is available to be able to make the best decision based on your location and situation for the benefit of the students. A school resource officer has been provided to the district beginning in the 2018-19 school year by Tuolumne County Sheriff's Office, she spends at least one day a week at Don Pedro High. ## Professional Development

Annually we provide in-service training before the school year begins and at least two afternoons a month on early release Fridays. Recent topics included NGSS Phenomena, school safety, STEAM, best math practices, mindfulness, PBIS, inclusion, and social-emotional needs. The district selects in-service topics based on need, new curriculum or state mandates. These trainings have included Human Trafficking, anti-bullying and Suicide prevention.

In March of 2020, Don Pedro High School moved from in-person learning to distance learning. Five additional in-service trainings were provided in the 19-20 school year to assist with the transition to virtual learning. In addition, these digital trainings continued through the summer and fall of 2020. All staff were also trained on COVID-19 procedures including cleaning, disinfection, social distancing and screening protocol. In August 2021 NWEA MAP assessments were adopted for progress monitoring. Staff participates in virtual professional development around administering and using the data.

The District supports and encourages our staff to participate in professional development at district, county, region and state levels. The platform for professional development varies from book study at the local level, after-school or summer workshops at the county, and conferences in the region or state level. In the last year, staff has attended professional development for STEAM, math, Positive Behavior Intervention Supports, special education, art therapy, ELPAC and foster youth services.

All of the District in-services were given by designated speakers with the assistance of power points, hand-outs or hands on activities.

## 2020-21 Local Accountability Report Card (LARC) Addendum

### Local Accountability Report Card (LARC) Addendum

#### 2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
